Consortium for Battery Innovation China Technical Workshop 2020

When: 4-5 March 2020

Where: Shangri-La Hotel, Suzhou, China

The Consortium for Battery Innovation will hold a China technical workshop on 4-5 March 2020 in Suzhou, China, very close to Shanghai, bringing together global technical experts from the advanced lead battery and lead recycling industries.

Topics of discussion will include:

- Lead and lead battery markets
- Latest advancements in lead battery technology
- Materials stewardship and responsible care
- Opportunities to discuss key topics affecting both the lead battery industry and lead recycling industry
